

FINANCIAL SOLUTIONS FOR MISSION-DRIVEN SUCCESS

In the distinct world of nonprofit management, the guardianship of public funds and donations carries a weighty responsibility. At SEK, we understand the unique pressures and scrutiny nonprofits face, differing significantly from those encountered by traditional business entities. Our dedicated nonprofit team, deeply embedded in the sector through active board participation in social services, the arts, foundations, and more, brings firsthand insights into your daily challenges and opportunities.

Leveraging our extensive experience from partnering with over 400 diverse nonprofit clients, SEK offers training and innovative solutions tailored to the nonprofit community. We provide actionable advice to foster growth and spark new ideas to drive your organization forward. Benefit from our annual nonprofit seminar, designed to equip you with knowledge on current issues and trends affecting the sector.

As a proud business partner of the Pennsylvania Association of Nonprofit Organizations, SEK also taps into a network of over 900 members, enhancing our capacity, deepening our sector knowledge, and collaborating to advocate and fortify Pennsylvania communities.

Our clients include:

- Child and family services
- Health and welfare organizations
- Health systems, including Federally Qualified Health Centers (FQHCs)

Choosing the Right Level of Assurance

Nonprofit organizations often reach out to our team requesting an audit, only to discover that a full audit may not be necessary. Through discussions about their operations and funding sources, we frequently find that another level of assurance—often more cost-effective—meets their needs. This guide will help

you determine when an audit is essential and when a different alternative might be the better choice.
