Federally Qualified Health Centers

25+ YEARS OF TRANSFORMING HEALTHCARE FOR FQHCS

With extensive experience serving Federally Qualified Health Centers (FQHCs), SEK's Healthcare Organizations Team understands the unique challenges and opportunities your organization faces. Our experts are dedicated to delivering tailored solutions that meet the specific needs of your FQHC, ensuring you remain focused on what matters most—delivering quality care to your community.

We stay at the forefront of industry developments through specialized continuing education and active membership in leading healthcare organizations such as Pennsylvania Association of Community Health Centers, ensuring our team is well-equipped to address your evolving needs.

Our comprehensive services range from revenue cycle management and billing services to care coordination and quality improvement initiatives. We collaborate closely with your team to develop and implement strategies that drive positive results, whether it's enhancing patient satisfaction, improving clinical outcomes, or maximizing reimbursements.

Ready to take your FQHC to the next level? Schedule a consultation with one of our healthcare organization experts today. We look forward to partnering with you to transform healthcare for your community.

reimbursement processes for FQHC services

- **Financial reporting** - Accurate, timely financial statements to meet FQHC-specific regulations and stakeholder needs

SINGLE AUDIT REQUIREMENTS FOR FQHCS

FQHCs that spend $1 million or more in federal funding must complete a Uniform Guidance single audit each year. This guide outlines what the audit involves, why it matters, how to prepare, and what’s at stake if you're not in compliance. It also emphasizes the value of working with an experienced auditor to help protect your funding and keep your focus on patient care.
