Our Value Methodology

SEK's business valuation professionals hold the Certified Valuation Analyst (CVA) credential and follow the rigorous standards established by the National Association of Certified Valuators and Analysts (NACVA). We use the most appropriate valuation approaches—income, market, and asset-based—to deliver a well-supported conclusion of value.

Reasonable Compensation Reports

SEK also offers standalone Reasonable Compensation Reports to determine fair compensation for owners, officers, and executives for tax planning and IRS compliance purposes.
