Richard assists clients with financial statement compilations and reviews, tax returns, payroll tax credits, and Research & Experimentation (R&E) tax credit calculations and preparation. He primarily works with clients in the manufacturing, agriculture, and transportation industries. Richard provides clients with his extensive knowledge to help their businesses optimize tax strategies and navigate the complexities of tax credits and deductions. In addition to his public accounting experience, Richard has 17 years of experience in the banking industry. This dual expertise allows him to provide his clients with a unique perspective on both financial management and advisory services.
